Professional Summary

Experienced IT professional specializing in **SQL Server administration**, **ERP system integration**, and **automated data workflows**. Proven ability to deliver scalable, client-facing solutions through deep technical skills, hands-on implementation, and cross-team collaboration.

Core Skills

- **SQL Server:** Stored procedures, functions, views, indexing, performance tuning, backup & restore
 - **ERP & Data Integration:** Custom APIs, linked servers, data normalization, JSON/XML pipelines
 - **Server Tools:** Windows Server, IIS, FTP, ODBC, VPN, Active Directory
 - **Tech Stack:** SQL Server 2022, SSMS, SQL Profiler, Postman, REST APIs, Excel/XLS formats
-

Certifications & Education

- 🎓 *Microsoft SQL Server Admin & Development* — Amodat Ltd (2018–Present)
 - 🎓 *MCSA, MCSE, CCNA, CCSA* — HackerU College (2014–2016)
 - 🎓 *Sound Design & Audio Production* — LFO School (2010–2012)
 - 🎓 *Full Matriculation in Computer Science* — ORT High School (2007)
-

Project Highlights

ERP-SQL – ERP Data Integration Project

🔗 [GitHub: dol3vs/ERP-SQL](#)

Designed a modular SQL Server system for importing, transforming, and exposing ERP data:

- Built multi-layer architecture: `Demo_ERP (raw)`, `DEMO_Integration (ETL)`, `DEMO (reporting)`
- Developed stored procedures, views, and functions for data flow and transformation
- Integrated external APIs using SQL `sp_OA*` methods and PowerShell scripts
- Maintained full version control with GitHub including documentation and ER diagrams

Professional Experience

Amodat Ltd – *SQL Developer & Project Coordinator*

 Israel ·  2018–Present

- Developed and maintained ERP integration systems across multiple client environments
- Managed SQL Server security, backups, performance tuning, and linked servers
- Automated scheduled tasks, API workflows, and data clean-up routines
- Maintained **strict confidentiality** of sensitive client and business data
- Trained and supported clients using BI tools, dashboards, and mobile integration

Presto Software Solutions – *Technical Support Engineer*

 Israel ·  2016–2018

- Supported POS software, printers, and network setups for restaurant chains
- Handled troubleshooting both remotely and on-site with service-oriented mindset

Additional Experience

Dolev Studio / Freelance – *Music Producer (2012–2016)*

Produced and performed as "Dolev Black Mesa" using advanced audio tech and live setup

Radio North 104.5 FM – *Broadcast Technician (2012–2014)*

Managed studio equipment, live shows, and audio editing

Israel Railways – *Security Officer (2010–2012)*

Oversaw station and train safety operations

Military Service

IDF – Artillery Corps

 Combat Soldier & Radio Operator (2007–2010)

 Honorably discharged as Sergeant First Class
